Recycling- Done Right!

Please do not use your recycling cart for refuse. Recycling carts containing refuse or recyclable items that are contaminated with food, liquids or other non-recyclable materials will not be emptied and will be tagged to notify the resident of improper use.

Please don't bag your recyclables.

Recycling plays a crucial role in preserving our environment and conserving valuable resources. We've made it easier than ever to help your environment by offering recycling at your curb! The main challenge with curbside recycling is the high level of contaminants found in recycling carts, such as: Trash bags, Food residue, Styrofoam, Batteries, Electronics, and more. These items are not accepted at the Kimble recycling center. If your item is not on the approved list, please discard it in the trash. Remember to clean and dry all items before placing them unbagged in the cart. Let's work together to protect the environment and create a sustainable future.
